Winter Outfits for the Youngsters

There's something fascinating about the garments intended for children's wear—the miniature clothing which is so like that of the older ones and still so vastly different. The designing of these garments requires an artist—to accomplish the unusual without a hint of the grotesque is no easy task. In our display of Infants' and Children's Wear will be found beautiful examples of the very newest and prettiest of all the many necessary garments required. Come in and see it—you'll enjoy the time spent in this way.

HANDSOME COATS AND HATS—2 to 6 Year Sizes

New arrivals constantly taking the place of those sold keep our stock always new and fresh, and it is now unusually interesting. We found a man in New York who has met with more than ordinary success in the designing of coats and hats which may be sold at prices which are not too high. From his shop we are receiving many handsome Coats in Broadcloth, Velvet, Chinilla, Granite Cloth, Etc., in all the acceptable colorings, together with the latest styles of Hats and Bonnets.

Reasonable Prices Are a Feature of This Display

DRUGS EXCITE YOUR KIDNEYS, USE SALTS

If your Back is aching or Bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from 500 grains of acid waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much. Also get from any pharmacist about four ounces of Jad salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the soft of grapes and lemon juice, combined with lithia, and has been used for generations to clean the kidneys, to neutralize the acids in the urine so it is a source of irritation, thus sending bladder weakness.

Jad salts is inexpensive; cannot hurt; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. It also keeps up the water making, and no doubt you will wonder why because of your kidney troubles.

The members of this section of the Central Vermont railway were called out Tuesday night to fix a broken rail near the Franklin station. Traffic was not delayed by the work.

Apples \$5 a Barrel

The apple crop is not very large among local growers. J. W. Frink has the finest and largest crop around here. Assorted hand picked apples are bringing \$5 a barrel and seconds \$2.

Potatoes are also scarce. Mr. Rother, who is on the old Tracy homestead in Franklin, has dug about 125 bushels of the potatoes, but other growers report a great decrease in the amount they expected to get. Potatoes are already selling at \$1.50 a bushel and an advance is expected.

Eliza Lathrop recently picked 12 fine, full-grown pumpkins from one vine. Many of his vines bore heavily this year.

The last of the peaches of the season have been coming into the village this week from New Jersey and have

a much different flavor from native fruit.

One of the most attractive trees around here since the recent heavy frost is the large oak on the lawn at C. V. Pendleton's. It is a huge scarlet ball when viewed from a distance and excites much admiration.

The frost loosened the walnuts and chestnuts.

Leaves came down with a rush and are being gathered for bedding for animals.

Beautiful fringed gentians have been picked in the woods and meadows around here during the past week.

MUCH TESTIMONY IN WESTERLY CASE

Knight Damage Suit Against Town on Trial Thursday—Activities of Seventh Day Baptists—John D. Saunders Died Suddenly—Doane Family Starts West in Special Car.

The trial of the case of Mary G. Knight against the town of Westery, an action to recover damages for injuries caused by an alleged defective sidewalk, corner of Broad and Main streets, was resumed before Judge Harrows and a jury in the superior court in Westery Thursday morning.

Attorney A. B. Chisholm, counsel for the plaintiff, upon the opening of court, read from the public acts of Connecticut, 1891, the act relating to liability of husband and wife, and then laid it in as relating to the pending case, and closed the evidence for plaintiff.

Town Solicitor Harry B. Agard called Dr. Alexander Briggs of Ashaway to the witness stand. In answer to questions he testified that he was appointed by Judge Harrows of the superior court to examine into the condition of Mrs. Mary G. Knight in connection with the present case. He made two visits last April, accompanied by Dr. R. C. Pagan, the Knight family physician. He found Mrs. Knight to be in good bodily health, and she said that she stepped into a hole in the sidewalk at the corner of Main and Broad streets, that the hole was about six inches deep, and that she fell on both knees and on her right hand. She said she did not walk to the opera house and as the conclusion of the performance walked to her home.

On the first visit of the witness Mrs. Knight complained of pain in her knees, and said she was unable to walk. She said the pains were not so severe as they were right after the accident. Mrs. Knight was very nervous and also complained of pain and tenderness in the abdominal muscles, and said she could not sleep but very little. The knees showed no indication of injury, but showed some tenderness. Mrs. Knight said she was in pain in the knees that sometimes extended to the ankle joint. There were no marks on the knees, and no fracture, dislocation or sprain at the knee joints.

Dr. Briggs testified that the second examination was made on Oct. 2, 1915, with Dr. Pagan present. Mrs. Knight still complained of pain in the knees, and of about the same intensity as on the first visit. She said it was impossible for her to get up from a chair, or a cane, or by leaning on chairs and tables as she went from room to room. The doctor testified that Mrs. Knight's blood pressure and heart were normal, as were the contour of both knees. Mrs. Knight told the witness that she could not stand for more than ten minutes at a time, and could do no work, not even sewing.

Dr. Briggs said that examination of the knees showed no physical trouble and they were normal in movement, but Mrs. Knight said there was pain. Witness testified that he could find no external trouble and there was nothing to indicate injury to the knees. He could find no cause for the pain complained of in the back.

In response to questions of Attorney Craft, Dr. Briggs said sleeplessness was not a symptom of the injury and it carried to the limit is weakening.

Albert H. Langworthy was the next witness and testified that he is a member of the Town Solicitor Agard testified that he supervised the laying of the concrete sidewalk with the town truck bridge, the contract for which was awarded to William London. He was of the thorough examination of the bridge before the work was commenced and of the structure being in first class shape before the sidewalk was laid. He testified that the alleged defect in the sidewalk owned by the owner of the Briggs building, built by the owner of the property and care for by him. The town work was on the bridge and the sidewalk now laid from the Connecticut line by the corner of Main and Broad streets and connected with the Briggs building sidewalk, as the bridge plank was slightly higher than the Main street sidewalk, the new work was gradually sloped off over the sidewalk, and the sidewalk was covered, but at the time the section was covered the work was as level as a table top. Mr. Langworthy said he never saw that depression in the sidewalk until last Tuesday, when he went for the purpose of looking at it.

The members of the police, past and present, members of the highway committee of the town of Westery, Engineer McKensie, testified during the Thursday afternoon session, to the effect that they had no knowledge of the alleged depression in the sidewalk and had never heard of any man, woman or child tripping at that point.

Mrs. Starling claimed that she was struck by the back of the front seat with force. Two of her ribs and her breast bone were fractured. By M. H. Scanlon was called to the scene of

the accident and conveyed Mrs. Starling to her home at Watch Hill in his automobile where her injuries were given attention.

Charles W. Willard of Westery, presided at a meeting of the Inland Fish commission at Providence, Rhode Island, at the state capital. The meeting was for the purpose of discussing the financial plans for the autumn season with the view of mapping out the work in the order that it is to be done. It was stated at the meeting that shipment of black bass and white perch is to be received from the government for distribution in the ponds and streams of the state.

Local Luncheon.

Earl W. Asher left Thursday for Washington where he will enter Washington Missionary college.

Mr. and Mrs. Sanford Stillman and son, Frederick, will leave today for their winter home in Daytona, Florida.

Edward W. Chapman of Westery and Miss Nellie Wilson, daughter of Mr. and Mrs. Eugene Wilson, were married Thursday afternoon at the home of the bride's parents.

As has been their custom for years, Edward and Charles Webster will soon leave for southern Florida, where they will engage in business until the good old summer time comes back again, when they will return to Westery.

Funeral of Mrs. Clark.

The funeral of Mrs. Cora Chapman Clark, wife of Clarence Clark, was held from the home of her parents, Mr. and Mrs. William Chapman, on School street, Thursday afternoon at 1:30 o'clock, and was largely attended. Rev. W. H. Dunnack, pastor of the Methodist Episcopal church, conducted the services. Phoebe Tucker Rathbun tent, Daughters of Veterans, attended in a body and members of the Latham camp, Sons of Veterans, acted as bearers. Burial was in Elm Grove cemetery.

Surprise Party.

Mrs. William Donahue was given a surprise party at her home on Greenmanville avenue Tuesday evening about 25 friends came to spend the evening with her. She was doubly surprised when among the guests was her sister, Mrs. Herman Kallenburg of New Rochelle, N. Y., who had arrived to make a visit in town. Games were played and refreshments were served.

Personal.

Fred Eberlin has returned from a visit in New York.

Charles D. Holman is spending a few days in New York.

Camel CIGARETTES

meet every cigarette desire you ever expressed, because the new blend flavor just hits the spot, and leaves no cigarette after-taste! Camels are blended choice Turkish and choice Domestic tobaccos. And you'll prefer them to either kind of tobacco smoked straight!

They're so different, so refreshing! Smoke Camels liberally because they won't bite or parch. They are delightfully mild and mellow, but have all that desirable "body."

Quality—no premiums with Camels!

Camels are sold everywhere in scientifically sealed packages, 20 for 10c; or 10 packages (200 cigarettes) in a glassine-covered carton for \$1.00. We strongly recommend this carton for the home or office supply or when you travel.

bers. After the routine business session the social session that followed was under the direction of Cora, Mrs. Ferdinand Wheeler and Pomona, Miss Mary Brightman. There was a specially arranged literary and vocal and instrumental entertainment, which was very much appreciated. Another attraction was a fine exhibit of fruits and vegetables, and of course the customary collection, which included the fruit salads appropriate to the occasion.

Pavement Improvement.

At a meeting of the highway committee of the town of Stonington it was decided to resurface the macadam in Mechanic street, and also to set aside \$1000 for the construction of sidewalks on the same basis that a like sum was expended in Mystic last year when a mile of concrete sidewalk was constructed, which provided that one half of the cost of construction be paid by the abutting property owners.

King-Deveau Wedding.

Albert R. King of the borough, and Miss Rose Helen Deveau of Mystic, daughter of Mr. and Mrs. John Deveau of Nova Scotia, were married at a nuptial mass in St. Mary's church, on Thursday, by Rev. James E. O'Brien, Miss Elizabeth August of Bristol, R. I. was bridesmaid, and Robert E. King best man.

The new highway to Lord's Point is completed and the contractor will ask for the formal acceptance by the town representatives in the near future.

There was a meeting of Stonington Lodge, Ancient Order United Workmen, in Muller hall, Thursday evening.

U. S. CONSUL GENERAL AT MEXICO CITY RESIGNS.

Is to Accept Employment There for an American Oil Corporation.

Washington, Oct. 14.—Arnold Shanklin of St. Louis, Mo., for the past several years United States consul general at Mexico City, today resigned from the federal service to accept employment in the Mexican capital as legal representative for an American oil corporation. The resignation was accepted by Secretary of State Lansing, to become effective at once.

Mr. Shanklin left Mexico City last July after a disagreement with the Brazilian minister, Senhor Cardoso, when then acting diplomatic agent of the United States in Mexico, since that time Mr. Shanklin has been in Washington on leave.

The Carranza agency tonight announced that a decree had been issued requiring merchants in Mexico to withdraw all supplies from public warehouses within 15 days after their receipt, so as to prevent speculation in prices. The order also stipulated that storage charges be paid on a gold basis.

A cablegram from Merida, Yucatan, to the agency said a new corporation, capitalised at \$100,000,000, had been formed, comprising all the principal producers of sisal hemp in the states of Yucatan and Campeche. This corporation absorbs the regulating commission of the sisal market, which was a government organization, and is said to be designed to assure stability of price and stop speculation.

Miguel Diaz Lombardo, in behalf of the Villa agency, gave out a statement tonight saying that, while not officially advised, he was certain there had not been and would not be any confiscations of property in Villa territory.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more yawning, sneezing, blowing, headache, dryness. No struggling for breath at night. Your cold or catarrh disappears.

Get a small bottle of My's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relieves congestion instantly.

It's so fine. Don't stay stuffed-up with a cold or nasty catarrh.
